

## Registering Multiple Members on the AMSCH Website

This document is a guide on how to register multiple family members on the AMSCH website. It can also be used by both Individual and Parades Participants to register themselves. Also note that our software uses the term 'Bundle' a lot. We use 'Family' instead.

1. Go to the AMSCH website: [alohamustang.org](http://alohamustang.org)
2. Select 'Join Us' from the main menu

3. On the 'Join Us' window, select the appropriate membership level (individual vs. family), or select 'Parades Participant' if you have participated in at least three parades in the previous year. Then select 'Next'

OWNERSHIP IS NOT REQUIRED FOR MEMBERSHIP

Dues are \$30.00 per person for a one year membership. Members receive the club newsletter (The Pony Express) and are eligible to receive discounts (when offered) for banquets, special events, from businesses that are friends of the club, etc. and are eligible for special club giveaways. Memberships help support the web site, club insurance for shows and costs for special events. We appreciate your support.

Applying for membership is quick and easy using our online form. Just select the appropriate membership level (below), and then 'Next' to start the process. As you go to each page, scroll down to the fields to be filled in. Required fields are marked with a red asterisk.

If you are registering more than one person, you will need to fill out the form with your personal information, and then pay for the total number of people you want to register. After you have paid, you will receive an email with instructions on how to register the remaining members of your family.

When you are finished with filling out the form, you can pay with a credit or debit card.

4. On the next screen, enter your email address, and click on the 'I'm not a robot' box. You may or may not be presented with the Captcha – this is the thing we all hate where you need to select all the really fuzzy pictures with a motorcycle / bus / whatever. Unfortunately, this is a necessity in today's world to minimize scammers. When you're done with the Captcha, click 'Next'
